

BERLIN SCHOOL OF  
BUSINESS & INNOVATION

# MBA Maritime and Shipping Management

## Overview

The MBA Maritime and Shipping Management has been designed to give the necessary knowledge and expertise to managers and leaders within the sector. Students will gain a distinctive business degree that will let them work overseas, in a wide range of industrial positions, ship operations, marine science, maritime management and operation.

BSBI collaborates with a number of international and local shipping organisations and companies such as port authorities, ship owners and shipbrokers for the purpose of providing students with practical experience as well as excellent employment prospects.

## Why study this programme with BSBI?

### Students will:

- Cover a broad range of knowledge areas such as the maritime domain, shipping management, research methods and other more;
- Have the option to learn German for three hours a week;
- Access the Virtual Learning Environment (VLE) which has a wealth of e-resources;
- Expand your knowledge with textbooks, academic journals, online lectures and much more;
- Work with tutors and fellow students to discuss each topic and work on interactive projects;
- Attend field trips, practical workshops and guest speaker events.

## Who should take this programme?

This postgraduate degree has been designed for all maritime professionals, shipping managers, shipbrokers, mariners, officers, and marine practitioners working in the maritime and shipping sector and/or who have responsibility for managing maritime organisations and companies.

## Career progression

Upon successful completion, students will be able to work in shipping organisations such as port authorities, ship owners' and ship brokers' companies.

Alternatively, successful graduates can progress in their academic studies by pursuing BSBI's DBA and focus on the maritime and shipping sector.
